ASHLAND PARK YESTERDAY.

A Full Attendance, Pine Dinner, and Patriotic Speeches-The Corner-Stone Laying, &c.

The Ashland correspondent of the Dispatch last night wrote as follows : The surviving comrades of the old Hanover Troop, Fourth Virginia regiment, held a grand reunion at Ashland Park to-day. The company now numbers about seventy-five, and nearly everyman was present. The midday train brought up General W. C. Wickham (captain of the company), Hon. Richard F. Beirne, Hon. R. H. Cardwell, Mr. C. A. Taylor, and others. C. A. Taylor, and others.

THE MORNING. The morning was spent in a general shaking of hands and wishes for health and happiness, and the fine condition of the county and crops had the effect

of enlivening the farmers.

The company was called to order by
Mr. Andrew J. Wingfied and addressed by General Wickham, who pleasantly exhorted the veterans to be in peace as virtuous, brave, and patient as they had been in war.

THE LEE MONUMENT. The following resolutions were offered by Mr. L. B. Vaughan:

Regarding the occasion of the laying of the corner-stone of the Lee monn ment as a grand event in the history o the State, and believing it to be th pleasure and pride as well as the duty of the survivors of Company G, Fourt Virginia cavalry, to contribute to the success of the forthcoming demonstra tion ; therefore be it

Revolved, 1. That the members of Company G will participate in the official laying of the corner-stone of Lee monument, and that all members present will exert themselves to en courage and insure a full turn-out of 2. That the president appoint a com-

mittee to confer with like organizations of the First, Second, Third, and Fourth regiments of cavalry that composed Wickham's brigade, and request them to join with us on that occasion.

3. That the press of the State be requested to publish these resolutions.

DINNER AND TOASTS. A regular old-fashioned Virginia din-ner was provided, and the best of spirits enlivened the occasion.

Tonsts were drunk to the absent vete

In the evening, General Wickham, R. F. Peirne, and R. H. Cardwell re-spended to tousts, arging the impor-tance of preserving the names and memories of their fallen comrades. The day was one of strong fraternal feeling. War pledges were signed and old battles fought over again. THE NEXT. It was decided to held the next annual

This little town is "on a boom," re marked a visitor a few days ago. Its natural advantages have led many well-to-do men to build here, and it is growing in favor yearly as a popula summer resort. A little more than for ty years ago Ashland was a howling wilderness—a slash covered with forest growth, laurels, and wild berries—joyous haunt of frogs, terrapins, and whip-po'-wills. Through the removal of the college here the place has been made a perfect phenomenon of paint and architecture, and the blessings of educational facilities have been brought to our parks. people. Its society has been improved and the rough aspect of the surround ing country elevated. Churches of nearly every denomination have rise: in its midst, and a decided religious tone has radiated from it as a centre. Real estate has increased in value as the population has been increased, and there are probably not more than two

houses unoccupied.

While the sanitary condition of the village is not as good as it might be through the negligence of the Town Council, yet I am informed by two of the leading physicians here that Ash-land is certainly a very healthy place in the South can be seen a little town so sweet in flowers and shade. A plan has been suggested for the further improvement of the town by issuing \$100 bonds and borrowing the small sum of \$10,000. Brick pave ments can be laid and culverts built. This is a practicable move and one which should be nursed.

When the case was called Mr. Edgar Allan stated that he did not wish to precipitate matters, but was satisfied that when the motion for bail was made the evidence would show that the only charge against his client was for retain-ing in his possession property of a firm of which he was a partner, which would of which he was a partner, under that this presention was instigated by a rival music house through jealousy.

Forsakes His Mother. Yesterday morning, after the Police Court had adjourned, Justice Richardson was called upon to decide quite a singular controversy between two col-ored women, which threatened trouble. The subject in dispute was a bright-looking little boy about seven or eight years old. One woman was his mother, but the other claimed that he belonged to her. After hearing the statement of both parties Justice Richardson made them stand apart and told Charlie to go with the one he wanted to live with. He, without hesitation, went with the mother by adop-tion and left his real parent weeping bitterly. Justice Richardson told her to test the matter in the Hustings Court.

No. 3 Fulton Market New York CITY, January 26, 1884. I have been using Brandredth's Pills

I have been using Brandredth's Pills for the last ten years. They are a wonderful medicine. There is nothing equal to them as Blood Purifiers and Liver Regulators. But I wish to state how remarkably they cure rheumatism, and how easily. I was affected by rheumatism of the legs. My business (wholesale fish dealer) naturally leads me to damp places. I was so bad I could not walk, and at night I suffered fearfully. I tried Balsams, Sarsaparillas, and all kinds of tinetures, but they did me no good, and I was afraid of being a cripple. I finally commenced using Brandreth's Pills. I took two every night for ten nights; then I began to improve. I continued taking them for forty days and I got entirely walk. Now, whenever sick, I take Brandreth's Pills. They never fail.
